LYNCHED BY NEGROES.

A Mob of Colored Citizens in Kansas Kill an African in Jail.

GEORGIA "OUTGEORGIAED."

Colonel Robert G. Ingersoll Expresses His Opinion of the Recent Atrocities in the South Without Mining Words.

Galena, Kan., April 25.—Charles Williams, alias Jones, colored, was shot to death in the city jail by a mob of negroes. Williams killed Laura Canafax, a negroess Monday.

The mob composed of about 25 masked negroes went to the jail and four broke the door in. The first man had an ax, the second a rope and the third carried a pistol. Williams was locked in his cell, but they broke the lock and ordered him to come out. This he refused to do. The man who carried the revolver then began shooting through the bars. Four shots took effect, killing Williams instantly.

The mob dispersed without any demonstration. A coroner's jury found that Williams came to his death from the effects of pistol shots from an unknown person. No arrests have been made.

COLONEL INGERSOLL

Expresses His Opinion of the Lynchings in Georgia.

New York, April 25.—Colonel Robert G. Ingersoll says of the lynching in Georgia: "I suppose these outrages—these frightful crimes—makes the same impression on my mind that they do on the minds of all civilized people. I know of no words strong enough, bitter enough to express my indignation and horror.

"These horrors were perpetrated in the name of justice. The savages who did these things belong to the superior race. They are citizens of the great republic. And yet it does not seem possible that such fiends are human beings. They are a disgrace to our country, our century and the human race.

"Let me say that what I have said is flattery compared with what I feel. When I think of the other lynching—of the poor man mutilated and hanged without the slightest evidence, of the negro who said that these murders would be avenged, and who was brutally murdered for the utterance of a natural feeling—I am utterly at loss for words.

"Are the white people insane? Has mercy fled to beasts? Has the United States no power to protect a citizen? A nation that cannot or will not protect its citizens in time of peace has no right to ask its citizens to protect it in time of war."

Worse For Whites.

New York, April 25.—Rev. Horace Bumstead, president of the Atlanta university of Atlanta, Ga., when interviewed in regard to the lynchings in that state, said: "I cannot but deplore the horrible transactions of the last day or two in my adopted state of Georgia. Awful as is the injustice of such dealings toward the negro race, the results are still more terrible in their effect on the white race in undermining all respect for law."

Believes in Lynching Rapists.

New York, April 25.—W. A. Barber, ex-attorney general of South Carolina, who has just returned from Lake City, S. C., where he was prosecuting attorney for the government in the trial of the lynchers of Postmaster Baker, says: "I believe in the lynching of negroes confessedly guilty of criminal assault. It is the only protection of the women of the south, especially of the rural districts. Otherwise I am opposed to lynchings."

Colored Ministers Act.

New York, April 25.—The colored ministers of New York city at a meeting in St. Mark's M. E. church passed resolutions denouncing the Georgia lynchings. Rev. William H. Brooks of St. Mark's church was among the speakers. "We have no sympathy," he said, "with the crime charged against the negroes throughout the south, but whatever the crime, we believe there is sufficient law to protect them until the law trial comes."

Stabbed His Son.

Jamestown, N. Y., April 25.—Edward Scott stabbed his son, Edward Scott, Jr., of Oil City, at the father's home in this city. The father had been drinking and abusing the young man's mother, which resulted in a quarrel. The victim is in a critical condition.

Suicide Is Confession.

Belleville, Pa., April 25.—Rather than stand trial on the charge of incendiarism, Reuben Frantz, a young farmer of Worth township, shot himself just before the opening of court. He will probably die.

DYING OUT.

Excitement Over Coghlan's Remarks in New York Is Subsiding.

Washington, April 25.—It is the impression that the case of Captain Coghlan is losing importance as the days pass, and his action is viewed in a more considerate light. A high official, whose advice would have much to do with shaping the fate of Captain Coghlan, said that in his opinion the needs of the case would be completely met by a sharp letter of reprimand addressed to him by the navy department. If the captain admitted he was correctly reported. The view was expressed at the German embassy that the Coghlan affair was practically settled, and that by the administering of a reprimand by the navy department the incident would be closed.

The utterances of Captain Coghlan of the cruiser Raleigh, at the Union League club in New York last Friday night, to which Germany has taken exception, are said to be:

"Our friend Admiral von Diederich's officer came down one day to make a complaint. It was my pleasure to step out on the quarter deck just as he came aboard. It was partly by accident and partly by design. I heard him tell the admiral about his complaint, and I heard the admiral reply:

"Tell your admiral those ships of his must stop when I say so. I wish to make the blockade of this harbor complete."

"The German officer replied, 'But we fly the flag.' The reply of the admiral was just like Dewey. He said, 'Those flags can be bought at half a dollar a yard anywhere.' There was no fun in that expression of the admiral. He meant it.

"Then he drew back and stroked his mustache. He has a great habit of stroking his mustache when he gets mad. He said: 'Now listen closely and tell the admiral as I say it. Tell your admiral that the slightest infraction of any rule—and tell him carefully—will mean but one thing. That will be war. It will be so accepted and resented immediately. If your people are ready for war with the United States they can have it at any time.'"

Coghlan Case Discussed.

Washington, April 25.—At the cabinet meeting the recent utterances of Captain Coghlan of the cruiser Raleigh were informally discussed. Secretary Long said he had received a letter on the subject from Captain Coghlan. The captain disclaimed any intention of insulting the German emperor or Admiral von Diederichs, and his remarks on the occasion of the Union League club banquet were made in the most informal manner in the company of friends without any thought they would be repeated in the public press. As they did appear, he said, they were exaggerated and distorted, and he was made to say things which he did not utter. He claims that under the circumstances, his remarks should be regarded as privileged. After the cabinet meeting adjourned, Secretary Long and Secretary Hay remained a short time with the president to further discuss the matter. It is understood that the captain will soon retire from the service through the regular channel, and it is thought that in view of this fact and further that he rendered distinguished service at the naval engagement at Manila the authorities will show him much consideration as is consistent with the naval discipline.

Anti-Trust Bill Postponed.

Austin, Tex., April 25.—The senate took up as a special order the Arkansas anti-trust bill. An amendment was immediately offered to make the bill effective Jan. 1, 1900, and with the amendment pending a motion to defer further action on the bill until Friday prevailed by a vote of 6 to 9. The reason for postponement is that it is expected that the Arkansas courts will render an opinion as to the constitutionality of the Arkansas law and senators to ascertain whether the Arkansas law will hold or not.

Russia's Grab.

Bombay, April 25.—The Times of India says it learns from an "unimpeachable source" that Russia has secured an interest in a portion of Persian Gulf sufficient to give her the right to take possession whenever she chooses. It is added that this information comes direct from Teheran, and it is believed the port referred to is Bander-Abbassee.

Suspicious Circumstances.

Denver, April 25.—The decomposed body of Otto Goette has been found on his ranch near Byers, with a bullet hole in the skull. Goette disappeared six months ago. Two thousand sheep on his ranch were shipped to Omaha and a draft for the proceeds of the sale was, it is said, to have been cashed by R. H. Beeler, of whom no trace can be found.

Atlanta, April 25.—The ninth international or fourteenth national Sunday school convention is meeting in Atlanta with about 1,400 delegates.

THE OPENING SPEECH

For the Defense Is Made by Attorney James D. Sterling.

NO CONFESSION IS IMPLIED.

Wrongs of Mrs. George Were Offered to Show the Conditions Surrounding the Threats of Which She Was Accused.

Canton, O., April 25.—At the opening of court Attorney James J. Sterling began the opening address to the jury on behalf of the defense in the trial of Mrs. George.

The first hour was devoted to the consideration of legal propositions. The Barberi case dwelt up by Mr. Grant was first taken up. Mr. Sterling disputed the position of the state that the testimony on Mrs. George's grievances against Saxton could only be considered in connection with an implied confession, and then only in determining the degree of the crime.

Mr. Sterling took the position that the wrongs of accused were offered and should be accepted as showing the circumstances and conditions surrounding the threats, which it was sought to be proved she had made. Later Mr. Sterling took up a review of the testimony.

Following the citation of authorities on the legal propositions involved, Mr. Sterling presented a quotation from a number of medical text books in support of the requests for charge to the jury on the opium or morphine habit, and then very briefly referred to the testimony.

Early in his summing up of the testimony, Mr. Sterling diverged to pay his respects to Saxton and the other people connected with the case. In this line he presented Saxton in the most unfavorable light, and dwelt upon the alleged wrecking of the George home.

After Mr. Sterling had finished Mr. Welby began his argument, but had not concluded it when court adjourned.

Mr. Pomerene is to close, and he will not get started until some time Wednesday. The present indication is that the judge's charge cannot be delivered before late Wednesday or Thursday morning.

Prince of Wales Attacked.

London, April 25.—The three hundredth anniversary of the birth of Oliver Cromwell has furnished the occasion for biographies and appreciative articles, portraits in all the papers and celebrations in various parts of the country in honor of Lord Protector of the British commonwealth. Dr. Joseph Parker, minister of the city temple, this city, took the subject as the theme for his sermon and delivered an extraordinary oration to a large congregation. In the course of his remarks he attacked the Prince of Wales as a certain card playing prince. After eulogizing Cromwell, Dr. Parker said: "When the prince fails, let the country mourn. We look to princes for noble deed and a high example. When I see my prince and my premier on a race course, I do not like it."

Good Water Advantages.

Durango, Col., April 25.—Many home seekers have already landed in Durango en route for the Ute reservation, which is to be thrown open for settlement on May 4. The reservation presents such excellent opportunities for securing water that many are at a loss to know just where to cast their lot. Already parties have had surveys for irrigation enterprises, and it is claimed that plenty of water will be furnished those who take up lands.

En Route to the Hague.

Victoria, B. C., April 25.—Japan's delegates to the peace conference at The Hague have arrived here on the Empress of China. The delegation consists of Captains Sakemoto and Ueyehora and a lawyer named Inagara. Sir James W. Carrington, chief justice at Hongkong, was also a passenger on the Empress of China. He says that Great Britain will take over the Kowloon extension May 17.

A Romance in Flood.

Columbus, Neb., April 25.—The death of Lieutenant Lester E. Siasion of the First Nebraska at Manila and the finding of his fiancée's photograph near his heart where the fatal bullet entered is the final chapter in a pretty romance, whose introduction was written in this village several years ago. The photograph is the likeness of Miss Anna Taylor, one of the belles of Columbus.

AMERICAN FORCES

Have Surrounded Calumpit Which Can Be Taken At Will.

Washington, April 25.—The following has been received at the war department from General Otis at Manila:

"Hale's brigade, MacArthur's division, moved down right bank of the Quinapa river Monday to vicinity of Calumpit; now joined by Wheaton's brigade on left bank. Hale encountered fierce opposition, driving enemy with heavy loss, taking his intrenchments in flank. Hale's casualty six killed and 12 wounded.

"The division has now invested Calumpit, which will be taken at once. Lawton, with part of his command, reaches Norzagaray, where he will be joined by center column from Bacove. Extreme heat, rain, high streams, bad roads made march very difficult. He has not met opposition since leaving Novaliches, enemy retreating in his front.

"South of and near Manila enemy has a force of 4,000, making demonstrations daily; can be easily taken care of. It cannot communicate with north. List of casualties of Sunday sent."

England Has Designs.

Washington, April 25.—Although Great Britain is willing to relinquish her right to share in the Nicaragua canal by abrogating the Clayton-Bulwer treaty in return for a quid pro quo from the United States, it is apparent to officials of the state department that she is taking measures to provide transportation facilities across Nicaragua for her own trade. It is considered significant that a representative of Great Britain should take measures for placing under British control the transportation facilities in Nicaragua while negotiations are in progress between the United States and Great Britain for the abrogation of the Clayton-Bulwer treaty and with it the surrender of all the latter's rights in the Nicaragua canal.

MAYOR HARRISON

Says He Rejoices in Ireland's Triumph of Securing Local Government.

Chicago, April 25.—Mayor Carter H. Harrison received the following cablegram relating to the establishment of local government in Ireland, in accordance with recent act of parliament, from the editor of the Irish Independent at Dublin:

"Local government happily established. Ireland waits your message on her march to home rule." The reply of the mayor was as follows: "Rejoice in Ireland's triumph. Full freedom must follow."

No Action Taken.

Vancouver, B. C., April 25.—When Theodore Ludgate, who was arrested for transpassing on Dead Man's Island, returned to Vancouver he consulted with his counsel and a meeting was held with Mayor Gardner, who, it is said, agreed to hold the matter in abeyance until after the meeting of the city council in the evening. When the county council was convened a deputation of prominent supporters of the lease addressed it, demanding that Mr. Ludgate be left undisturbed in his operations on the island. No action was taken.

BLOWN UP BY BENZINE

A Terrific Explosion In Which Several Lives Are Lost.

CHEMICAL WORKS WRECKED.

Buildings on Both Sides of the Street For Nearly Two Squares in Philadelphia Are Partially Demolished by Force.

Philadelphia, April 25.—By an explosion of benzine in Fieer's Chemical works two women were killed, two others are unaccounted for and one woman was fatally injured. A score of persons were more or less seriously injured.

There were two explosions, the fiercest occurring at 8:55 a. m. and the second a few minutes later. The factory is a total wreck, and buildings for a distance of a half a square on both sides of Callowhill street were partially demolished. In some instances windows in structures two squares away were shattered.

So far as can be learned there were but six men in the chemical works when the catastrophe occurred. One of these was blown high in the air, and his body struck the ground at a distance of 25 yards from the mill. The other was burned to almost a crisp.

Adjoining Fieer's establishment was a grocery store owned by Arthur Donohue. Two boarders are said to have been asleep in the upper part of the house, and they have not been accounted for. Mrs. Donohue, the grocer's mother, was so badly injured that she cannot live.

On the opposite side of the street was the dwelling of Mrs. Glideson. The burning benzine ignited the clothing of Mrs. Glideson and that of her child. With the infant in her arms she ran screaming into the street enveloped in flames. Firemen and hospital surgeons, who had responded promptly to the alarm, hastened to her assistance, and she was conveyed to a hospital in an ambulance.

Fully a hundred houses are more or less damaged, those in close proximity to the chemical works being so badly wrecked as to probably necessitate their condemnation.

Will Go to Philadelphia.

Washington, April 25.—The president was feeling better, though he was suffering from neuralgia. The regular cabinet was held as usual, but until the cabinet assembled the president remained in his private apartments and to several visitors who called, including Senator Thurston and Representative Mercer of Nebraska, General George B. Gordon of Georgia, ex-Representative Outhwaite of Ohio and Senator Proctor of Vermont, he asked to be excused. Assistant Secretary of the Navy Alien, who called upon departmental business, was the only visitor he saw. The neuralgia attack, from which the president is recovering, is not expected to interfere with his trip to Philadelphia to attend ceremonies in connection with the unveiling of the Grant monument on Thursday.

Outrages Against Missionaries.

Victoria, B. C., April 25.—A mob in Kogon, Korea, has sacked a French missionary's residence, and carried him off captive. Korean troops have been dispatched to attempt to recover the missionary, whose fate is unknown. Fresh outrages against the missionaries have occurred in Shan Tung and Germany has sent troops into the districts affected. Chinese soldiers murdered two or three German soldiers in the beginning of April in the vicinity of Kiao Chou. The Germans entered the village and shot down the murderers.

Death of John Albert.

Denver, April 25.—Pioneer John Albert is dead at his home in Walsenburg. He was born in Hagerstown, Md., in 1806. His father was killed at the battle of New Orleans in 1812. When a boy he came west as a trapper. He was the only survivor of the Taos massacre in 1846 at Taos, N. M., in which the whole garrison was murdered, including Governor Bent and a number of women and children.

Still Rising.

Kansas City, April 25.—A further rise in the Missouri river of five inches was recorded here. The water is now five and two-tenths feet over the danger line. The water in the bottom has encroached gradually on the spatters and on the cellars of business houses situated on the river, but no serious damage is apparent.

Chillicothe, O., April 25.—Edna Clark, a young woman, was arrested and arraigned here on the charge of murdering her new-born baby girl. She pleaded not guilty. The affidavit charges that the mother choked an illegitimate child by squeezing it.

THE PUBLIC LIBRARY

Association Will Eventually Receive \$20,000 More Money Under the Work-maid Will—Efforts to Improve Library.

Mention has been made of the movement recently set on foot by the Women's League for the improvement of the Public Library. At their solicitation, Mr. Geo. W. Sulser gleaned some facts for their information, which he embodied in the following report:

In the matter of the "Maysville and Mason County Library, Historical and Scientific Association," from an examination of the county records, I gather the following facts, to wit:

1. By his deed of gift Mr. James Wornald conveyed to certain trustees named by him, a lot of ground on the west side of Sutton street, between 21 and 34 streets in the city of Maysville, Ky., and the sum of two thousand dollars in money, for the founding of said association. Afterwards by his last will and testament, Mr. Wornald gave to said association the portions of his estate bequeathed by him to his sisters, Mary Ann Wornald and Catherine Rice, upon their death, which two portions, I am informed, amount now to about the sum of \$20,000 in money. This money will become the absolute property of the association upon the death of said two sisters.

2. By an act of the General Assembly of Kentucky in February, 1878, the association was incorporated under the name and style of "Maysville and Mason County Library, Historical and Scientific Association," and invested with all the powers, rights and privileges incident to corporations of this character. Among the rights and powers conferred upon the association by its said charter, I select the following, to wit: It "may receive donations of money and property of all kinds, and may purchase property of all necessary kinds; and may hold, use, invest and dispose of the same in its discretion, for the purposes of establishing, promoting and conducting such an institution, * * * and it shall have power to make all such contracts, and do all such acts as may be necessary and useful for the purposes and objects of this institution." There are five directors to manage the affairs of the association, as provided for in said charter. These "directors shall have the control and management of all the property and affairs and business and interests of the institution in accordance with the powers, rights and privileges hereby given to the body corporate."

By the 4th section of the charter it is provided that "The directors, by a majority vote of their whole number, may pass such by-laws and rules, not inconsistent with the laws of this Commonwealth, as may be necessary; and they may have such officers as may be necessary," &c., &c. 3. Messrs. A. M. J. Cochran, John B. Holton, Thos. E. Pickett, J. F. Barbour and John G. Hickman compose the present Board of Directors, Mr. Cochran being President of the board.

I will add that in a conversation had with Mr. Cochran, he said to me that the directors are very desirous that something shall be done for the betterment of the condition of the association's room and grounds, and expressed himself as being glad that an effort in that direction has been suggested by the ladies. Respectfully,
 GEO. W. SULSER.

The league also appointed a committee of three, Mrs. Geo. T. Hunter, Mrs. John M. Hunt and Mrs. Geo. W. Sulser, to see and confer with the trustees of the society as "to the possibility of the league obtaining permission to go to the library building, and to have it thoroughly cleaned and set to rights, and so kept, and to have a lady librarian appointed who would see to it that the place was always in order for the accommodation of the citizens of the town and county and that strangers within our gates should always find a welcome when in town for a few days or even a few hours."

The committee had a conference with some of the trustees, but met with little encouragement. In their report they say: "It is the firm conviction of two-thirds of the Ladies' Library Committee that all endeavors in this direction may as well cease from this day."

One final effort, however, is being made this week by the committee to secure from the trustees a statement, in writing, what chances there are for the league to gain possession of the library, to clean it thoroughly, to maintain it in perfect cleanliness, and appoint a lady librarian.

The ladies would see to it that money enough would be raised from year to year for the maintenance of all this.

The BULLETIN sincerely hopes that some satisfactory arrangement may be reached in the matter.

WEEKLY CROP REPORT.

What the Government Weather Bureau Says of the Outlook—Conditions Favorable the Past Week.

The week opened up a little cool, but soon turned warm and was very favorable for farm work and plant growth. The western part received some nice showers which were quite beneficial, and the week closed with warm, showery weather in progress, which will probably give the desired rain in the eastern part.

Under the favorable conditions, everything progressed finely. Oats were sown, plowing was pushed forward as rapidly as possible and considerable corn was planted. Gardening was continued very satisfactorily. Trees are becoming green. Apple, pear and cherry trees are beginning to bloom.

Early sown winter wheat is making good growth, but in some localities it is thin and uneven; the late sown is very poor and some of this is being plowed up for corn. Tobacco plants are doing well. Pastures have improved very rapidly and are now in good condition.

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from frightful death. In telling of it he says: "I was taken with typhoid fever that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvelous medicine is the surest and quickest cure in the world for all throat and lung trouble. Regular sizes 50 cents and \$1. Trial bottles free at J. J. Wood & Son's drug store; every bottle guaranteed.

Ten Years Ago

Women's Peerless Lisle Thread Stockings sold for 50c. a pair, and they were fully as good as stockings of other makes that sold for 75c. Years kept rolling around and improvements were made from day to day. Gradually we bought lower and better and in turn we handed to our customers the results of better buying. Slowly we hammered the price down and today women's Peerless Fast Black Lisle Thread Stockings are 25c., and better than those sold ten years ago for 50c. We believe in Peerless Hosiery. We believe in Maysville. We believe in paved streets. We believe in improvements, whether in Hosiery, in cities or in the police force. (This last is to arrest your attention.)

Brave Men Fall

Victims to stomach, liver and kidney troubles as well as women, and all feel the results in loss of appetite, poisons in the blood, backache, nervousness, headache and tired, listless, run-down feeling. But there is no need to feel like that. Listen to J. W. Gardner, Idaville, Ind. He says: "Electric Bitters are just the thing for a man when he is all run down, and don't care whether he lives or dies. It did more to give me new strength and good appetite than anything I could take. I can now eat anything and have a new lease on life." Only 50 cents at J. J. Wood & Son's drug store. Every bottle guaranteed.

The Why and the Wherefore.

We have been making such strong comparisons between our Martin clothing and other makes that it is but fair we should tell you why we claim it to be the best. Here are the principal points upon which we base our belief.

1. Symmetry of shape.
2. Hand-tacked pockets.
3. New-style, finely finished inside pocket which never gapes open.
4. Hand-padded collars.
5. Well-shaped collars and lapels.
6. Hand-made buttonholes.
7. Linen stays to support pockets.
8. Unstitched sleeve and large outlet of cuff and sleeve lining to permit of sleeve being easily lengthened with its own material if necessary.
9. "Stout" and "long" sizes, adapting this clothing to the wants of every man who is not actually deformed.

Notice particularly the shape of the lapels, which you will find in no other ready-made and very rarely in custom work. Also the artistic manner in which sleeves are shaped and finished.

The trousers of a Martin suit are in exact correspondence with the coat, shapely, well-made and perfect-fitting. We cordially invite you to come in and see our new spring styles.

THE FEAST OF BARGAINS

in Clothing, Men's and Boys' Shoes and Men's Furnishings, set before the people, through Hechinger's retiring-from-business sale, has awakened an interest with the buying community that the conventional Clothing sales advertisement make impossible. It's a positive fact that customers from distances as far as fifty miles from Maysville are taking advantage of this sale. It is known that the stock consists of only first-class merchandise, and when considered that the reduction of prices enables the public to buy the high class goods Hechinger & Co. carry for less than ordinary goods sell elsewhere, it is no wonder that the storerooms are daily crowded. Thousands of dollars' worth of goods that were contracted for before Mr. Hechinger's conclusion to retire from business, are daily arriving. They share the same fate of those already in stock. They will be marked at prices that will make them sell.

On Wednesday our "HOP-KINS"

Straw HATS

will be on sale. To those who have worn them they need no recommendation; those who have never worn them should try one. They are the best Straw Hats in the world; ask other Hatters in town.

LOUISVILLE TOBACCO MARKET.

Very Little of the Better Grades Offered, But Some Improvement is Noted.

[Furnished by Glover & Durrett, Louisville Tobacco Warehouse.]

Sales on our market for the week just closed amount to 3,104 hhds. with receipts for the same period 1,666 hhds. Sales on our market since January 1st amount to 65,820 hhds. Sales of the crop of 1898 on our market to this date amount to 67,885 hhds.

The offerings have embraced an unusually small percentage of good to fine leaf but the market, all grades considered, has been rather stronger than any time since the opening of the year, the greatest improvement being applicable to medium to good leaf, such as is selling from \$10 to \$14. The offerings will no doubt remain comparatively small until the season arrives when tobacco can be put in good condition.

The following quotations fairly represent our market for heavy tobacco 1898 crop:

Trash (green or mixed)	2 50/8 3 50
Common colory trash	3 50/8 5 00
Medium to good colory trash	5 00/8 7 00
Common tugs, not colory	4 00/8 5 00
Common colory tugs	5 50/8 6 00
Medium to good colory tugs	6 00/8 8 00
Common to medium leaf	6 00/8 8 00
Medium to good leaf	8 00/8 11 00
Good to fine leaf	10 00/8 13 00
Select wraperry leaf	13 00/8 19 00

The healthy old man wears his gray hairs like a silver crown. What if he be three-score and ten if there is still fire in his eye, firmness in his step, command in his voice and wisdom in his counsel? He commands love and reverence. Yet how few wear the mantle of age with dignity. Dim eyed, querulous of speech, halting in step, childish in mind, they "lag superfluous on the stage," dragging out the fog end of life in a simple existence. The secret of a healthy old age is a healthy middle age. The man who takes care of his stomach, who keeps his body properly nourished, will find that the body does not fall him in old age. The great value of Dr. Pierce's Golden Medical Discovery lies in the preservation of the working power of the stomach and other organs of digestion and nutrition. From this center is distributed the nourishment of the whole body, the salt for the blood, the lime for the bones, phosphates for the brain and nerves. A sound stomach means a sound man. A man who keeps his stomach sound by the use of "Golden Medical Discovery" will wear the crown of gray hairs as befits a monarch, with dignity and ease.

Ex-CHIEF JUSTICE J. B. PETERS, of Mt. Sterling, is reported in a critical condition. He is ninety-four years of age.
